II B. Production. The production of intelligence on the economy of the PRC will be responsive in nature and much of the coverage will be handled in regular production vehicles. In addition, OER will:

1. Produce two assessments of the prospects for the Chinese economy.
2. Publish a statistical base from which to evaluate agricultural programs, policies, and output claims.
3. Publish an analysis of modern industrial expansion in major civilian and military industries.
4. Continue to produce basic research reports that will lead up to a complete set of national accounts by FY 1978.
